

**HELP EXISTING PUMPS RUN AS GOOD AS NEW.**

A Super Pump TEFC Replacement Motor is the perfect way to bring new life to any existing Super Pump you service. When upgrading the entire pump isn't an option, a replacement motor delivers a similar boost to efficiency and equipment longevity. And because each motor is made from genuine Hayward replacement parts, an extended life for any Super Pump is never more than a quick install away.

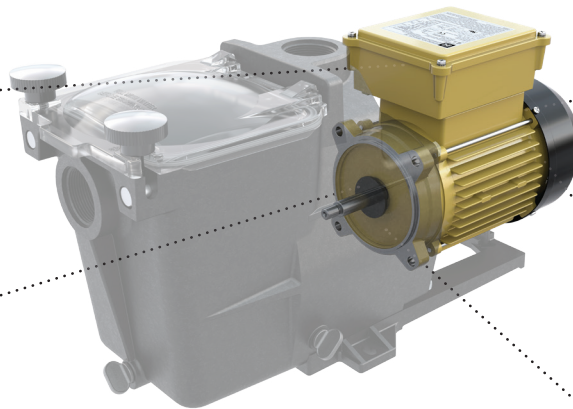

**Enclosed design** facilitates incredibly quiet operation

**Advanced heat dissipation** prevents motor from overheating, improving reliability and extending pump life

**Gold outer finish** shows your customers you're installing the best

**Totally enclosed fan-cooled construction** creates reliability and longevity

**Seamless compatibility** fits easily into existing Super Pump models

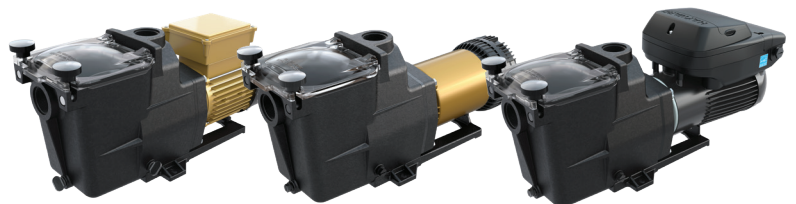

**EXPERT LINE**<sup>™</sup>  
ONLY FROM POOL PROS
